Project thoughts

### **Minutes**

Meeting called to order by Troy.

As this is our first meeting there are no prior minutes.

*IT Interview - early thoughts*

Discussed if any of us knew any IT professional that may be willing to submit to an interview.

Action: Troy will reach out to a system administrator he knows and see if they are willing to help.

*Introductions.*

Brief introductions were made.

*Assignment 1 Feedback - Not yet graded - carry forward*

This will have to carry forward as marks are not yet released.

*Chairperson - rotation or designation?*

Decision made to Rotate chair on an ad-hoc basis. Chris to chair next meeting.

--Meeting schedule

Proposal – Meetings directly after Wednesday Course Wide Session approx. 8:30pm AEDT, and, on Saturday Mornings at 10:00am AEDT. – Approved unanimously.

*Canvas Group creation and Group Name*

It was decided to defer this till we have an idea of what our project will be.

*Our skills and interests / Share our Assignment 1 websites*

Brief discussion. Troy and Chris have long term interest in computers but no IT background.

Fawaz has some Java, HTML and CSS c/o Khan Academy & Sasha has broad selftaught experience in HTML, CSS, MySQL and PHP

*Industry Data section*

Sasha to Action: Start a chat thread to discuss this and collate data from the 4 Assignment 1 projects linked above

*IT Tech - division of labour*

Plan: Fawaz to do Machine Learning, Troy to do Cyber Security, Chris to do Blockchain & Sasha to do Raspberry Pi

*Project thoughts*

All to Action: Look at the others projects and see if anything feels good to you. Contribute to group chat regarding project thoughts.

*Next Meeting*

Wednesday 4<sup>th</sup> Jan 2023, around 8:30pm AEDT
